

Consulting

Support

The Servadus staff is available to provide the resources to your organization to implement security modernization from one month to one year.

Project Consulting

General Consulting Retainer

Remediation Consulting

vCISO

Online Project Management Available

The Consulting Retainer is available for immediate use or for when you need a helping hand. This offering is for shorter engagements starting with a one-week package.

The virtual Chief Information Security Officer (vCISO) support is available to serve as the CISO or assist the current CISO to ensure cybersecurity and compliance programs are best in class.
